## POLITICS HOLDING CENTRE OF STAGE TODAY IN MICHIGAN

Fall Convention of Democrats. Republicans and Progressives Assemble to Make Nominations.

DETROIT, Mich., Sept. 30 .- Politics held the centre of the stage in Michigan today when the fall conventions of the three big political parties-Democratic, Republican and Progressive-assembled. The Democrats held their sessions here, the G. O. P. forces met in Kalamazoo, while the Bull Moosers held forth at Bay City. Each party was to make its nominations for the offices of Secretary of State, Auditor General, Attorney General, State Treasurer and State Land Commissioner

in addition to selecting new State central

committeemen and drafting platforms. Interest centered in the Democratic con ventions, where the long standing feud between the "Wilson-Democrats" and the Wood-Shields faction threatened trouble State Chairman Shields declared early today that the "organization" wing would be in complete control, although the "Progressives" promised to make a last-ditch fight for the seating of their contesting delegation from Wayne (Detroit), Cal-houn and Delta Counties, Success in this fight would give them control of the convention and subsequent control of the party organization in Michigan.

convention and subsequent control of the party organization in Michigan.

There was every indication that the Republican gathering in Kalamazoo would be screne and peaceful. The one chance of a serious clash apparently rested in the possibility that Chase S. Osborn, the nominee for Governor, and the party leaders might not agree on patform plants. platform planks. Osborn several months ago went on record as favoring the recall of judicial decisions, but when this issue threatened to stir up internal strife in the party, he announced that he would make no effort to dictate his radical views into the party platform.
Contests for places on the various party tickets were comparatively few and mostly unimportant.

#### COURT OF APPEALS UPHOLDS DISMISSAL OF MRS. PEIXOTTO

Teacher Was Absent From Duty to Give Birth to Child.

ALBANY, Sept. 30.—The action of the New York City Board of Education in dismissing Mrs. Bridget C. Peixotto be-cause she had absented herself from duty as a teacher to give birth to a child was upheld yesterday by the Court of Appeals. Supreme Court Justice Sea-bury had granted a writ of mandamus for the reinstatement of Mrs. Pelxotto. That action was reversed by the Appellate Division. The latter decision is now affirmed by the highest court, with Chief Justice Bartlett and Judge Hogan dis-

senting.

Mrs. Peixotto, in January, 1913, gave notice to the Board of Education that she would be absent from duty, with-out asking or receiving formal leave of absence. On April 22, 1913, charges were made against her of neglect of duty "in having been absent from duty since February 3, 1913, for the purpose of bearing

In the May following new charges were presented against her "for absence from duty without leave since or about Feb-ruary 3, 1913." These charges said nothing of child-bearing. The teacher was tried upon the charges and dismissed.

On trial of her suit her counsel argued that absence from duty for the reason specified was not neglect section 1093 of the City Charter, even though she was absent without leave for almost three months. prevailing opinion of the Court of

Appeals says: In the proceedings under review the Board of Education discharged its duty fairly, and the courts cannot by man-damus reverse the conclusions reached. damus reverse the conclusions reached, that no such absence shall be excused without approval of the Board of Super-Intendents. Her dismissal is sustained under subdivision 4, section 44 of the bylaws of the Board of Education and also under section 1093 of the charter."

### THINKS JURY WILL FREE HER

Actor's Wife Expects Acquital on Murder Charge.

HACKENSACK, N. J., Sept. 30.-Mrs. Alice L. Seaton, accused of the murder of her husband, Frederick R. Seaton, an actor, at their home here, expects to be freed before noon today by the jury which is hearing the case. The case is expected to go to the jury shortly after court

Mrs. Scaton's story yesterday, in which she told of her husband's "affairs" with other women, she thinks will win her her freedom. She told the jury that her husband forced her to drink whisky on the day he was killed until she was so drunk that she did not know what happened. She said she never heard the fatal shots

#### WOMAN DIES FROM MERCURY Lives Only Four Hours After Taking 23 Bichloride Tablets.

MINEOLA, L. L. Sept. 30.-Mrs. Re-becca Baege, 52 years old. of 329 87th street, Bay Ridge, committed suicide yes-terday by drinking a glass of water in which she had dissolved 23 bichloride of mercury tablets. She was despondent because of ill health and feared she was losing her sight.

She died in the Norwegian Hospital four hours after taking the poison. This is believed one of the shortest periods on record for death to follow mercury poison-ing. Her husband, Ludwig Paege, is connected with the quartermaster's department of a local army post.

### SPANISH AS A TRADE STUDY

Scholarships for Students to Equip Themselves for Foreign Commerce. STATE COLLEGE, Pa., Sept. 20.-In line with the country-wide movement to grasp expertunities offered by the Panama Canal and the war in Europe for the expansion of United States trade in South America, J. G. White, president of the J. C. White Construction Company, of New York, has established three scholarships In the Spanish language at the Pennsyl-vania State College. Mr. White was grad-uated from Penn State with the class of 1832, He offers the prizes as a stimulus to the students to fit themselves for han-dling Latin-American trade. Mr. White's offer was accepted by the Board of Trustees

Edward Hutchinson, Jr., of Philadelphila, has offered to supply a prize sword to be awarded to the company of the cadet battalion showing the highest mili-tary efficiency at the annual spring in-anection.

UNIVERSITY OPENS TODAY WASHINGTON, Sept. 30.—George Washington University, formerly known as Columbian University, and one of the oldest in the country, opened its fall and winter term today.

### COLOR LINE AT CORNELL

Mother of Negro Girl Student Alleges

Discourtesy. ITHACA, N. Y., Sept. 30 .- An alleged ittempt to draw the color line against er daughter, Miss Adelaide Cook, a Cornell first-year student, has caused Mrs. Catherine Charles C. Cook, a wellto-do colored woman of Washington, to file a protest with President Schurman and to appeal to the National Association for the Advancement of Colored People, of which Henry Villard, of New York, is president.

Mrs. Cook says five white girl students from the South have created a situation unpleasant for her daughter in Sage Hall, a dormitory. These girls, she says, demand that Miss Cook and another colored student be barred from the dormitory, but such action the authorities re-fused to take. Mrs. Cook now fears that an effort will be made to segregate her daughter, and she proposes to fight.

#### WILL EMPLOY 6000 MEN

Canadian Pacific Plans Better Labor Conditions in North.

MONTREAL, Sept. 30,-Labor conditions in Canada will be considerably improved by an announcement just made by the Canadian Pacific Rallway Company to the effect that the operating department of Eastern and Western lines have been authorized to take on 6000 extra laborers for sultable work during the next two onths at current rates of wages. The object of this measure is to help furnish employment before winter and relieve possible distress occasioned by the temporary dislocation of business due

#### LOST TEXAS GIRL FOUND

Miss Keating, Who Left Railroad Train, Went to Sick Mother's Bedside.

BOSTON, Sept. 30.-Katherine Keating, 17 years old, the Texas girl who disappeared from a train near Worcester Saturday night while she and her father, Henry S. Keating, a wealthy attorney, were on the way from Boston to a school at Peekskill, N. Y., was found at the summer home of her parents at Edgar-town, Martha's Vineyard, which she had

left on Saturday with her father.

Her friends say the girl left the train because she wanted to return to her mother, who was ill. At the Keating summer home it was said her unexpected appearance had resulted in a great im-provement in her mother's condition. Mrs. Keating recently was operated on for

appendicitis.
Following the finding of the girl the police have a new mystery to solve be-cause of the dropping of a note from a passing auto in Worcester. The note was picked up by a policeman and read:
"Am being taken away by force. Don't know where. Kindly catch auto be-

The note was written on the back of a New England Telephone Company en-velope. In the auto were three men and a young woman.

#### TWO FEET OF SNOW FALLS

Craft Wrecked, Houses Unroofed in Newfoundland Storm.

CURLING, N. F., Sept. 30.-Much damage on sea and land was caused by a gale which sprung up Saturday night and raged for 30 hours along the northern coast of Newfoundland, according to re-ports received yesterday. Several schoon-ers were blown ashore, many smaller craft were wrecked and houses were unroofed

and blown down.

The wind shifted from the southeast to north, bringing with it a sudden drop of temperature to the freezing point. More than two feet of snow has fallen on the mountains.

#### FISHERIES BODY MEETS

Society Opens Its Sessions in Capital City.

WASHINGTON, Sept. 30.—The 44th annual meeting of the American Fisheries Society was opened here today, and will remain in session until October 3. Wash-

remain in session until October 2. Washington was selected in lieu of New Orleans, where it had been originally
planned to hold the meetings.

The Committee of Arrangements consisted of the following: H. M. Smith,
chief of the Bureau of Flaherles, chairman: Major Richard Sylvester, Irving H.
Dunlap, Walter S. Harban; Robert S.
Johnson, Theedore S. Johnson, Theedore Johnson, Theodore S. Johnson, Theodore S. Plamer and W. C. Ravenal, who have accomplished all that was possible to make the stay in the capital of the visiting delegates a pleasant one and the nieeting a success.

### UNIFORMS FOR CHILDREN

Plan to Simplify Life in Fashionable New York Institution.

NEW YORK, Sept. 30.—Partly as an effect of the propaganda begun last year by the Parents' Association, which sought to simplify the life of children, one of the most fashionable of the New York schools has prepared this year school uniforms for the children of the wealthy families who patronize the school. This is Miss Chapin's, East 57th street. It is not obligatory that the young women should buy and wear the uniforms during school hours, but it is advised. When the school opens next week, it is thought the majority of the pupils will be found wearing them.

There are blouses of two styles to be worn with a black cloth skirt. They are made by a well-known manufacturer at a reasonable price for the pupils of this school and will not be sold to any others. The dress is simple and in good taste and is designed on the most hygienic plans without regard to the prevailing fashion in the cut of skirts.

#### 3000-MILE TRIP BY AUTO

Chester Councilman and Wife Motor Home From Denver.

CHESTER, Pa., Sept. 30.—The distance from Denver, Col., to this city, nearly 3000 miles, was covered in an automobile by Councilman John J. Luttrell and Mrs. Luttrell, who reached Chester yesterday, Mr. and Mrs. Luttrell, who were married about three months ago, spent their banaymoon at Denver. bout three months noneymoon at Denver.

# PENROSE IGNORED BY THE REPUBLICANS OF CHESTER COUNTY

Only Enthusiasm at Committee Meeting Evoked by Mention of Brumbaugh and Announcement of Intended Visit.

WEST CHESTER, Sept. 20,-Senator Penrose cannot but feel that something has gone wrong when he learns that the county Republican Executive Committee, at its meeting here yesterday, forgot to adopt resolutions in behalf of his candidacy and proclaim the great service he has performed for the nation, as has always been the custom of the committee when in session in the past.

When one of the committeemen hinted sotto voice that a resolution be adopted pledging the Senator the support of Chester County Republicans, he was quietly told that there would be no resolution

In the meeting room there is a large before the former's portrait and said nice things of him, telling each other what they meant to do on November 3, in sec-

ing that the Doctor got the full votes of their respective precincts. The portrait of Penrose was unnoticed.

Larry Eyre, always head and front of meetings of the County Committee, was present, and in a few words, fewer than he has ever known to utter on such oc-casions before, pointed to the great victory in store for the G. O. P. and urged every member to activity from now until the election. There was some applause on his rallying note, but it wasn't of the whole-souled order that was once heard in the committee, when Mr. Eyre called the faithful to the party colors.

The meeting was decidedy short in en-thusiasm, aside from a warm feeling for Doctor Brumbaugh. Chairman Fred Mac-Donald announced that Doctor Brum-baugh would come into the county between now and the close of the campaign and he would speak at several places, and this announcement was met with real applause.

Engineer Names Him "Boomer" for Stealing Ride on Trucks.

yards. "Look under there and you'll see the only 'boomer' chicken in the world," continued Crowley. "That bird has been riding with me all the way from Enid." Crowley pointed under the engine.

There in a crevice of the trucks huddled a mail bettle search.

dled a small battle-scarred rooster, of uncertain breed, besmeared with coa-dust, but otherwise apparently in perfect condition. It tok the concerted efforts of three Negroes, employes at the roundhouse, to catch the "bum" after the rooster had been routed from his perch beneath the engine. "Im going to take him home and give him to my kid." said Crowley, "and I'm going to nam

# Bound to Their Beds.

NEW YORK, Sept. 20,-Two burglars partook of a hearty meal early yesterday morning at the nome of Mrs. Anna Eler, of Mineola, L. I., while Mrs. Bler and her young nephew, John Bler, lay securely bound to their beds on the upper floor.

When the robbers departed they took

NICKEL, DEVIL'S METAL Miners so Named Ore Because Old

Nick Seemed in it. Nickel was first discovered by Cronitedt in 1751. No use was made of it, as t was found only in small amounts. For a great many years the German miners called it kupfernickel, or devil's copper. It was believed by those simple folk that Old Nick, or the devil, made this ore purposely to bother the miners, as it looked exactly like copper ore, and yet no copper could be extracted from it.

Nickel was scarce until a New York assayer found a quantity of it in a shipment of ore from Canada. He stated its value in his report and the owner of the

mine prospected for more and found large quantities of it. Nickel is hard, ductile and malleable. It is white in color, with a yellowish cast. It ranks next to iron and cobait in mag-

# GERMANS PLACE

# CONFIDENCE IN THE HOUSE OF KRUPP

### Teuton Supremacy Depends Largely on Superiority of Armament-Works Grew From Small Forging Plant.

habitants, mostly half-breeds. There they Now in these days when the great naoutfitted and started west, each driving a tions of Europe are arrayed against Ger-"prairie schooner." Before them stretched many, the Teuton places his faith in the Kalser, the army, the navy-and Krupp. One night, as the elder Smith brother was about to leave the camp fire to turn in, two Indians appeared. In sign language they asked to be allowed to cook and sleep by the fire. A wind was blowing, with spits of snow. When they had In the Krupp works, because Krupp rifles, cannon and siege guns are the greatest in the world admittedly; while Krupp armor plate protects Germany's battleships. The house of Krupp, as a reeaten, the Indians squatted bare-backed to the storm. Mrs. Smith persuaded her cent writer has said, is a national institution in the Fatherland, and its name husband to approach them with a fur robs. He placed it about their shoulders. is almost as revered as that of Hohensollern itself. Krupp guns and armor form a ring of steel about the Fatherland which it will require a miracle, be lieve the Germans, to pierce,

> The ironmasters of Essen have ruled hundred years; and now a queen and a queen consort hold sway. The heads of the houses have been: Frederich, founder (1837-1825), Alfred (1812-87), Fredrich electrified the military universe with a six-pounder of flawless cast steel. Since then the German army and navy have

of Krupp von Bohlen und Halbach. And with the queen rules Dr. von Bohlen und Halbach, entitled by order of the Kaiser upon his marriage to designate himself Krupp von Bohlen, thus keepi ; alive the family name of the great gunmakers. For the last male of the line left only daughters, Bertha and Barbara,

"Great oaks from little acorns grow. so with the house of Krupp, which had its inception in a small forging plant near Essen that at one time did not have sufficient business to support it.

The founder of the line, Friedrich, who was born in Essen, endeavored to make cast steel, the secret of which was carefully guarded in England. And in 1816 he founded a small forging plant near Essen for the production of cast steel after a process he had evolved. Mint dies, stamps for buttons, etc., were manufactured, but so small was the demanufactured, but so small was the demand, the works could not be kept in operation. And, soon after 1820, Krupp was obliged to give up his house to occupy a small one-story laborer's cottage near his plant. The hut is still preserved in the midst of the present signantic establishment. gigantic establishment.

THE SECRET OF CAST STEEL. Shortly before his death, however, the first of the present-day Krupps confided to his son, Alfred, the secret of making cast steel, which the latter developed sucressfully. Alfred, with the indomitable perseverance that captivates the imagination, continued in the face of mountainous difficulties his endeavors to improve the manufacture of steel.

Then came the Krupp opportunity—the great exhibition at London in 1851. The bscure Rhenish steelmaker from Essen

bought 20,000 Krupp guns. Krupp guns have been sold in the last half century to 52 nations throughout the world-2i in Europe, is in America, six in Asia, five in Africa.

But the Krupps have never manufactured munitions of war for France.

Alfred Krupp's breech-loading rifle and cannon, adopted by the Prussian army in 1861, proved their superiority in the Franco-Prussian war. From then on the factory became world famous for its manufacture of heavy ordnance and

armor plate.
Under the next Krupp the output of the gun factory was increased and diversified by the incorporation of other enterprises.

And now the Krupp von Bohlens not only have the immense plant at Essen. which comprises an area of 1200 acres, 235 of them under one roof, but many other plants as well. At Essen, and at the three neighboring 15-mile long gun ranges of Meppen, 39,000 men are em-

At Krupp collieries in Rhineland-West-phalia and Silesia, 10,000 miners dig coal for Krupp branch works at Annen and Gruson, where armor plate is made, and for Krupp blast furnaces at Rheinhausen, Druisburg, Neuwied and Engers, which, between them, keep another 15,-000 pairs of hands busy. At Kiel 6100 shipwrights build battle-ships, torpedoboats and submarines in Krupp's 55-aere Germania dockvard.

SWEDISH SOCIALISTS GAIN STOCKHOLM, Sept. 30.-The final recults of the general election for members of the Swedish Parliament have been announced. They show that the Socialists have 57 sents, the Conservatives 86 and the Liberals 57. The Liberals lost 14 sents The Conservatives the Socialists. neither lost nor gained, yet at the con-clusion of the war it is expected that a Socialist government will be formed.
